

CASA Foster Program Application/Agreement

Crawford Area Shelter for Animals, Inc.

P.O. Box 338 Ferryville, WI 54628 (608) 648-2461

The Crawford Area Shelter for Animals, Inc. has developed this foster network to provide care for cats and dogs awaiting placement in permanent homes. As an approved fostering individual, you would be asked to provide basic care, including daily food and water, exercise and confinement adequate to prevent dogs from running-at-large (we ask that cats be kept inside), emergency and pre-approved routine veterinary care paid for by CASA.

We ask you to commit at least three months of described care. When interested parties contact CASA to view the animal, you will be contacted and asked to provide the animal for viewing. Anyone seeking to adopt this animal will answer our adoption application questionnaire and be approved by CASA. If your circumstances change you may, of course, return the animal to us with our thanks for your time invested. If CASA has reason to believe that the animal is not being provided for as described, the animal will be removed from your care.

CASA will provide necessary vaccinations, worming, feline leukemia checks for cats, heartworm checks for dogs and sterilization of said animal. When requested, dog and cat food will be provided. CASA will not be held liable for any damages related to actions or behaviors of the animal, so please check with your insurance company about individual coverage for such incidents.

To apply, please complete the following:

Name: _____ Phone: _____

Address: _____

e-mail address _____

Are you at least 18 years of age? _____

Have you fostered for CASA before? _____ When? _____

Are all family members aware of your decision and in agreement? _____
